April 28, 2021

Dear Chair DeLauro and Ranking Member Granger:

I am requesting funding to build a data platform for the use of artificial intelligence and machine learning in cancer research for fiscal year 2022. The intended recipient is H. Lee Moffitt Cancer Center and Research Institute, Inc located at 12902 Magnolia Drive, Tampa, FL, 33612. This funding will be used to leverage already existing data and allow scientists at Moffitt to translate greater understanding of the complexities of cancer into novel prevention, early detection and treatment that will improve health outcomes for cancer patients throughout the U.S. I certify that neither I nor my immediate family has any financial interest in this project.

Sincerely,

*Kathy Castor*

Kathy Castor
